

## Speaker Dossier: Discussion on Cyber Security and Data Privacy

### GREG BROWN - EVOLUTION WELL SERVICES

**Greg Brown, General Counsel**

Gregory Brown has served as General Counsel and Secretary for Evolution Well Services since its founding. Mr. Brown is responsible for all legal, intellectual property, regulatory, governmental relations and administrative business. From May 1996 until 2010, Mr. Brown served as a partner in the litigation and trial practice departments of the Houston offices of Jackson Walker L.L.P. and Akin Gump Strauss Hauer & Feld L.L.P. Prior to practicing as an attorney, Mr. Brown served as a law clerk to Chief Justice Pascal F. Calogero, Jr. of the Louisiana Supreme Court of New Orleans. Mr. Brown received his law degree from Duke University School of Law and is a graduate of the University of New Orleans.

### JAMES MORRISON - FEDERAL BUREAU OF INVESTIGATION

**James Morrison, Computer Scientist**

James Morrison is a Computer Scientist with the Federal Bureau of Investigation assigned to the Houston Division. He serves as a local technical expert to the Special Agents and Task Force Officers assigned to the Houston Area Cyber Crimes Task Force. He assists in computer intrusion investigations and reverse engineers software to determine source and purpose of the malignant code. He has worked in the IT field for more than 30 years, including 21 years with the FBI.

Prior to working with the FBI, Morrison was an engineer with Lockheed Martin at Kirtland AFB, NM and a UNIX/database administrator with the US Air Force at Falcon AFB (now Shriver AFB), CO and Clark AB, Republic of the Philippines. Morrison holds a BS in Computer Engineering degree from Colorado Tech University, a MA in US History from the University of New Mexico, and a MBA from the University of Phoenix as well as other professional certifications.

### STACY SCOTT - KROLL

**Stacy Scott, Managing Director - Cyber Security and Investigations, North America**

Stacy Scott is a Managing Director in Kroll's Cyber Security and Investigations practice, based in Dallas. In addition to founding and operating her own consultancy, Stacy has served in high-profile roles with a leading cyber security consulting firm, a Big Four accounting firm, and the largest not-for-profit healthcare system in Texas. She joined Kroll with over 16 years of experience, during which she built a successful track record of developing and implementing strategic information security initiatives that help organizations better safeguard data, manage risk, and enhance business operations.

Prior to joining Kroll, Stacy was the President and Founder of Wisterwood Advisory Services. From 2014-2016, Stacy served as Vice President, Security Science for Stroz Friedberg in Dallas. She was the firm's HIPAA Security Rule subject matter expert. From 2006-2014, Stacy was Director, Enterprise Architecture and Security, for Baylor Scott & White Health, the largest not-for-profit healthcare system in Texas, with over 34,000 employees, 5,400 licensed beds, and 43 locations. In this role, which was the healthcare system's highest-ranking information security position, Stacy directed and oversaw the development and implementation of the enterprise's overall information security architecture as well as security strategy and programs, managing a multimillion-dollar budget. Stacy's accomplishments included developing and executing the plan to overhaul security tools in order to mature monitoring processes and rules to enable rapid detection and response to potential security incidents. These efforts reduced the risk of compromise to enterprise systems, including the possible loss of financial data and personal health information.

During this time, Stacy also served as the healthcare system's HIPAA Security Officer. She possesses a deep understanding of financial and healthcare regulations, including NIST Policy, Federal Trade Commission Red Flag Rules, HIPAA Security Rules, PCI (Payment Card Industry) Data Security Standards, and the American Recovery and Reinvestment Act (ARRA) Health Breach Notification Rule. Stacy also chaired the system's information security council that worked to assist business users in making the appropriate security risk decisions consistent with the organization's goals and risk levels. Earlier in her career with Baylor Scott & White, Stacy was Director, Standards, Audit, & Integration; Manager, Internal IT Audit; and Information Security (IS) Security Engineer. Stacy began her professional career as a Senior Information Risk Management Consultant for KPMG, where she conducted assessments of information system security access, change and lifecycle development management, and computer operations for major ERP systems, such as SAP, Oracle, JD Edwards, and PeopleSoft.

## DAVID A. COUGHANOUR - K&L GATES LLP

**David A. Coughanour, Director - Security**

In his role as Director of Security, Dave is responsible for the firm's physical and information security program which operates in 45 cities across 5 continents.

Prior to joining K&L Gates, he was a Senior Vice President at a large US financial institution where he led the bank's network security monitoring, digital forensics, incident response, and cyber intelligence functions.

Dave began his career in the United States Marine Corps and later served within the Department of Justice and Department of Defense where his primary focus was on digital forensics in support of counterterrorism operations. He has 20 years of experience in various security roles, holds a Master's degree in Cybersecurity from Utica College and maintains the following industry certifications, Certified Information Systems Security Professional (CISSP), Encase Certified Examiner (EnCE), SANS GIAC Certified Intrusion Analyst (GCIA), Certified Forensics Analyst (GCFA), Certified Incident Handler (GCIH) and Certified Information Privacy Professional - European Union (CIPP/EU).

## MICHAEL D. CUDA, K&L GATES

**Michael D. Cuda, Managing Partner - Dallas**

Michael Cuda is a partner in the firm's Dallas and Houston offices, where he is a member of the Banking and Asset Finance and Energy, Infrastructure and Resources practice groups. Mr. Cuda has more than 25 years of experience in business and banking transactions. His practice focuses on domestic as well as international energy and oil and gas industry financing transactions, including upstream through downstream operations, offshore production, and equipment and oilfield services finance. Additionally, Mr. Cuda represents clients as developers, investors and offtakers in the wind

and solar energy arenas with respect to financing transactions, PPAs and VPPAs, tax equity issues, land development issues and local and state regulatory issues. Mr. Cuda also negotiates a wide range of industry documents, and works in various capacities on financial derivatives transactions and Dodd-Frank issues.

In addition to energy transactions, Mr. Cuda is involved in various types of syndicated lending transactions involving international currencies and collateral, asset based lending, commodity (non-energy) finance, film, media and telecom financings, medical and healthcare finance and middle market commercial business financings.

Mr. Cuda is a former restructuring, loan review and regulatory compliance banker and as a result, he regularly assists clients in structuring credit transactions that involve public and private debt, multiple debt layers, multi-tranched loans and other related complex transactions. Mr. Cuda also counsels clients in specialty lending transactions, loan work-outs and other debt restructurings, including through bankruptcy proceedings.
